

How to Install UCF Apps

(iPad Safari)

Go to the Apps Store and search for the Citrix Receiver and click "Free".

This screen will appear next. Click "Open" and the Citrix Receiver will launch.

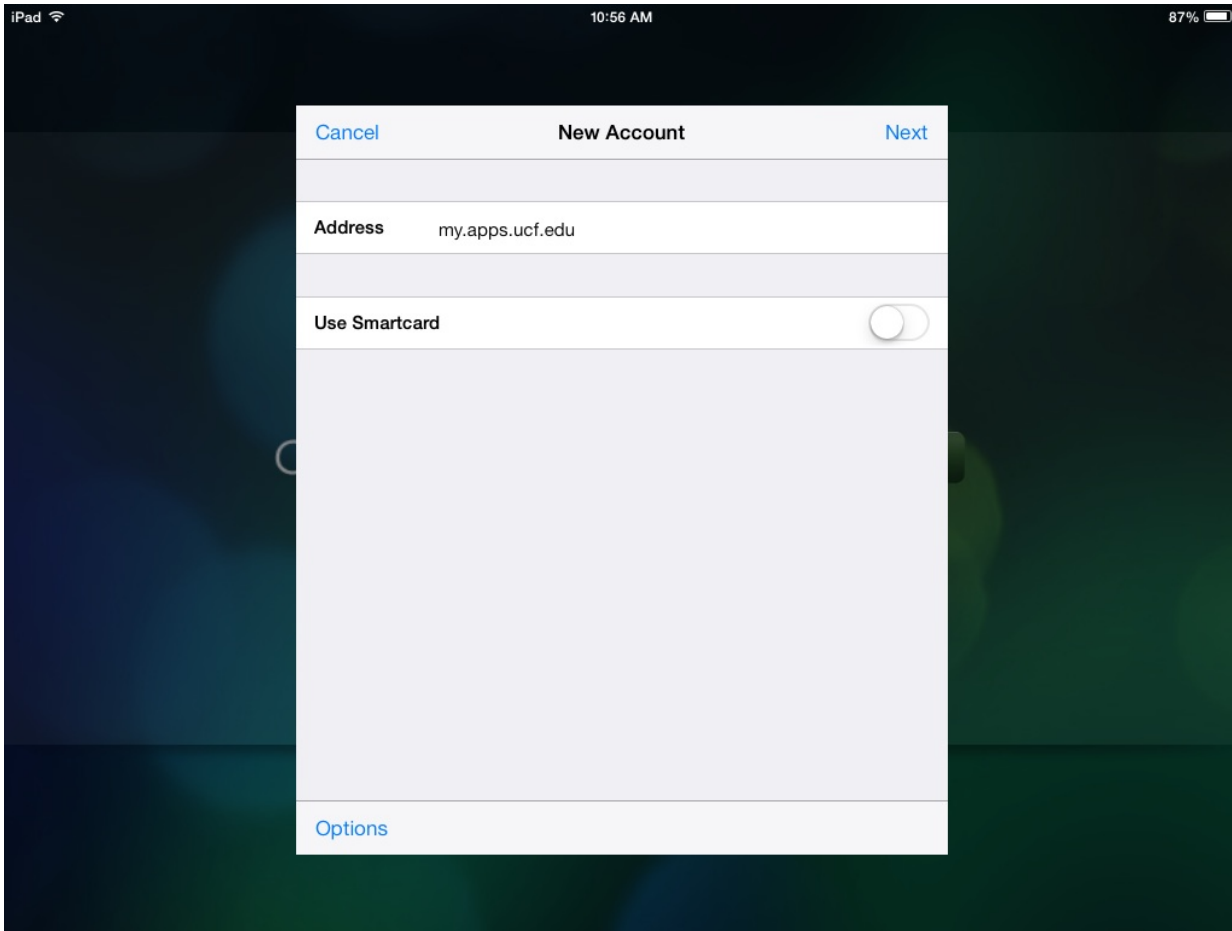

The Citrix app should also appear on one of your home screens for future access.

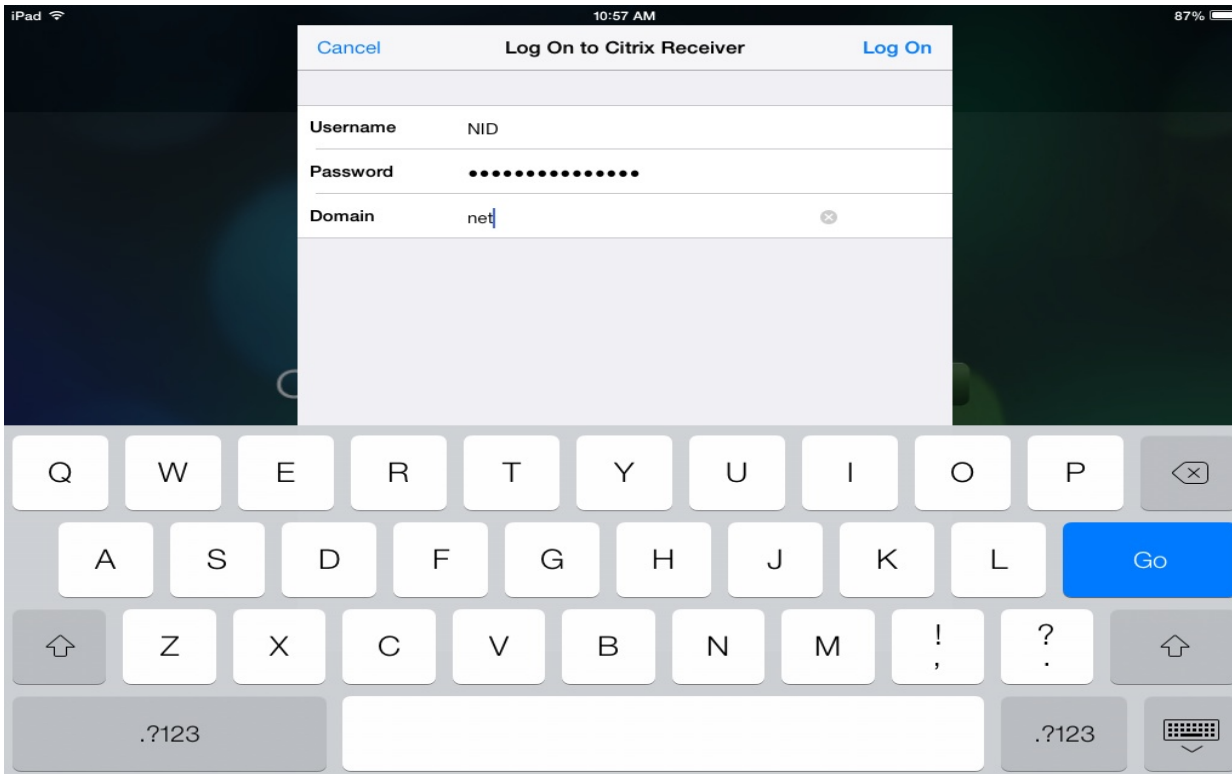

Click on "Add Account".

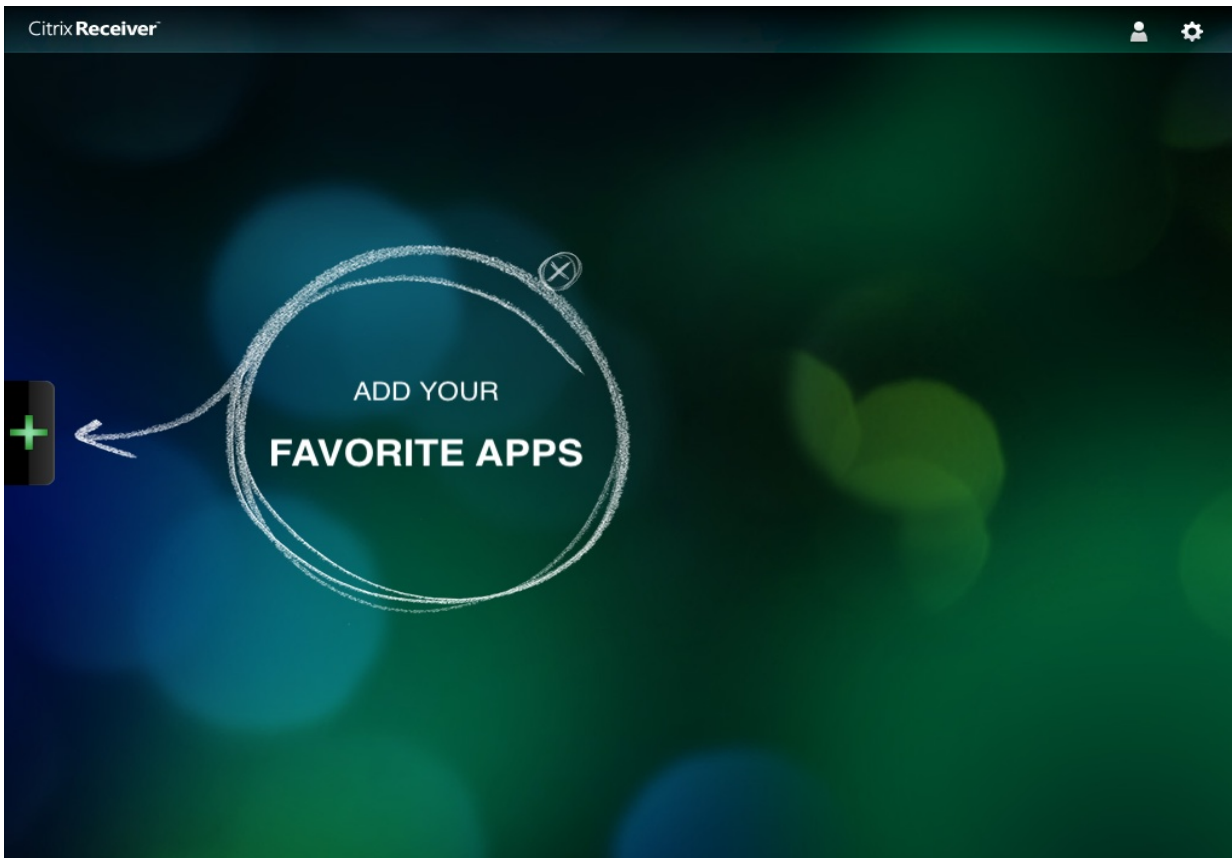

Type in my.apps.ucf.edu and click "Next".

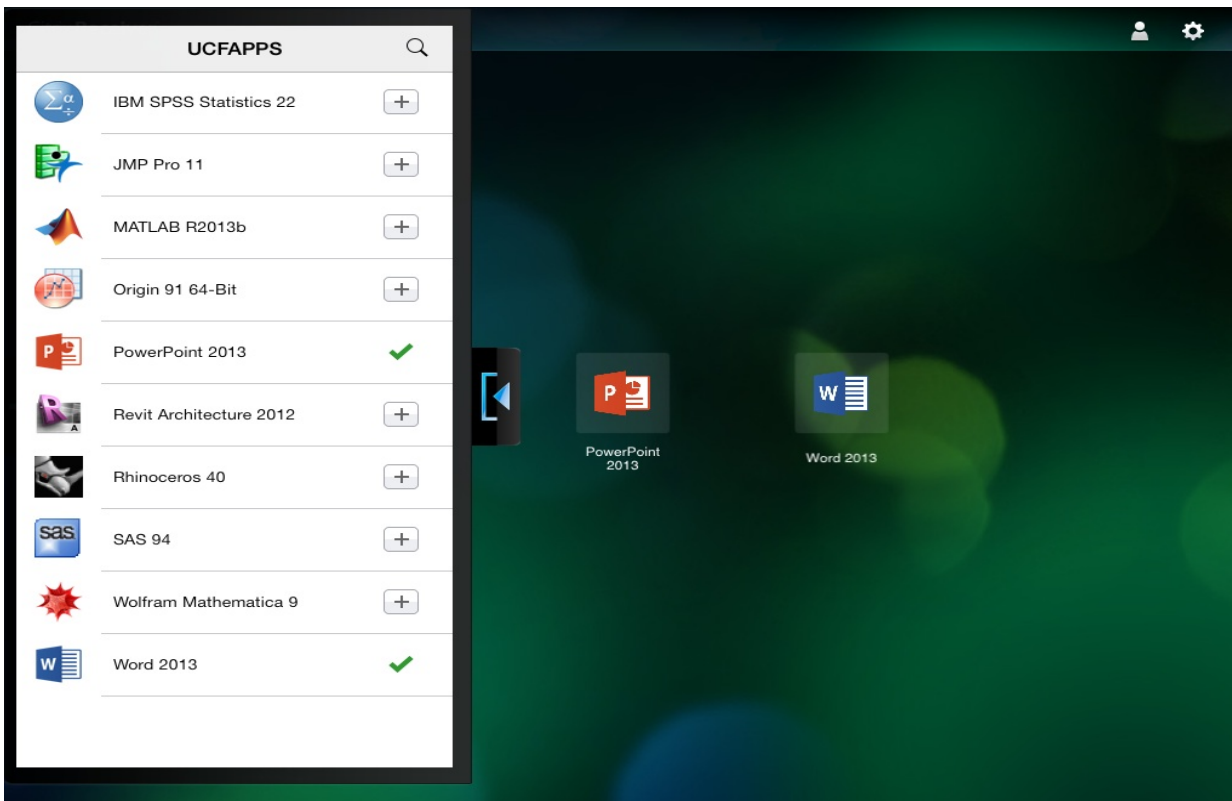

Type in your NID, NID Password, and NET for the domain. Click Log On.

Click the + sign on the left of the page.

Click the + next to each app you would like to add to your dashboard.

Click the app you want to use and a new window will open and load the app.
